

Time Expressions

PRESENT	FUTURE	PAST
Nowadays	Next month	In the past
These days	Next year	A long times ago
Right now	In an hour	The day before
As we speak	Soon	Yesterday
Today	Way off in the future	Recently
This week	The day after tomorrow	In 2011
This month	Eventually	Yesterday
This year	Tomorrow	A little while ago
At the moment	Next week	An hour ago
Now	In the near future	This morning
At this time	Later this evening	When I was born
	In the future	One week ago
